Zendale Village Count

Zendale Village Count is well known to almost all Polled Shorthorn breeders the country over and really needs no introduction. However we do want to say, as his photograph indicates, he carries the bloom, smoothness, and activity of a two year old in his eight year old form. He is thick, mellow fleshed and very easily kept.

He has been a great improving factor in this herd as well as many other good herds, who are using his blood; we refused \$1,000 by an Australian buyer for export for this bull but have never regretted we did not sell him; his sons and daughters as well as his grandsons and granddaughters will be the main feature in this sale.

ANNOUNCEMENT

IT IS with pleasure we present this catalog of our Sixth auction. We truly hope and believe our visitors will be convinced we are offering as valuable a draft of cattle as has been offered in this vicinity for some time. In presenting this offering it has been our most sincere intention to make an equal division, offering the public as good and useful a lot of cattle as we have retained in our own herd for our own future use, and in so doing we are selling many cattle we regret to see leave this farm. These cattle will be presented in a condition to insure their future usefulness.

In the founding of this herd we have spared no time and expense in securing the best of breeding and individuals, at all times stressing their good milk and beef tendencies, as our show records have proven. The ~~material~~ ancestors represent the choicest Scotch families to be found in the polled or parent breed.

As our herd has grown to considerable over 100 head at present it becomes necessary to cut the number down to the carrying capacity of our farm.

Our bull offering will be in very choice condition; however our females are not in show condition, but will be presented in excellent breeding condition.

The great sire, Rosewood Masterpiece, two of his greatest sons, and Village Commander, Zendale Village Count, Lynnwood Crest, Royal Rosewood, and Zendale Clipper Count represent the battery of herd bulls used, nearly all of which have proven themselves great show and breeding sires.

However with all respect to the other bulls used in this herd we consider Zendale Village Count, our present herd sire, the greatest herd bull we have ever used. He breeds correct quality and the right colors and uniformity. Royal Rosewood and Zendale Clipper Count are also proving to be equally as great sires. Look these bulls over sale day, see the reason for great calves.

In conclusion we trust and hope these cattle will prove satisfactory and profitable to their new owners and to this end we extend a cordial invitation to be with us sale day.

VERN G. EIKENBERRY.

Terms and Conditions

Cash, unless other arrangements are made prior to the sale. No cattle to be removed until settlement has been made with the clerk.

Mail Bids: Mail or wire bids may be sent to the Auctioneers, Guy Pettit, Bloomfield, Ind. or Hal Longley, the Shorthorn World, 37 Island Ave., Aurora, Ill. Such orders will be honestly and faithfully executed.

Please bring this catalogue with you. Please remember the Teegarden Sale, Ohio Breeders Sale and the Lynnwood Sale on dates just previous to ours.

Location

This sale will be held at Zendale Farm, 8 miles north of Peru on U. S. Paved Highway, No. 31. Roads paved in all directions.

Numbers of cars will be coming from the Lynnwood Sale to this sale. Those coming by rail will be met at Bearss Hotel by appointment. Also busses will run north to Hilltop Service Station on corner of Zendale Farm, leaving Bus Station at 7:20 and 11:30 A. M.

GUARANTEE

Endorsed by American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls sold as separate lots are guaranteed breeders, provided they are not allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. Cows with own calves under four months of age by side are considered proven breeders. All other cows and heifers are guaranteed breeders, except that calves sold by the side of the dams as one lot and heifers under 16 months of age at the time of sale are not guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows and heifers bred for more than three months, according to the service date furnished at the time of sale, but not proving in calf, must be reported to the seller within three months after the date of sale; all others served within three months prior to the date of sale, not settled or proving to be in calf, must be reported within six months. Females over 16 months of age sold open not settling within six months after date of sale shall be promptly reported to the seller.
4. Any animal not proving up to the foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, but the seller may, if he desires, have the animal returned for a retrial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, the purchaser shall be given the option of having the purchase price refunded without interest, or of accepting a substitute as stipulated above. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply upon any animal later substituted.
5. All animals are sold subject to a 60-day retest for tuberculosis, or to comply with the laws of the State into which they may be shipped. Animals shall be segregated from the buyer's herd until the retest is made, except the herd be a Federal accredited one. All tests for tuberculosis, either test before sale or retest, shall be made by a Federal or State Veterinarian or veterinarian deputized by the State Veterinarian, who is co-operating with Federal Veterinarian and qualified to do accredited herd testing. Purchase price to be promptly refunded upon proof of reaction, except that the purchaser shall agree to accept a substitute. All animals are blood tested for Bangs.
6. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale and without trouble to the purchaser, but at his risk of loss or injury after being bid off.

For Reference Only

Zendale Clipper Count

We believe this bull displays about everything one could ask for in a herd bull, he is low set, broad, deep, and smooth and has a solid deep red color, plenty of bone and Masculinity and as a 2 year old weighs 1500 and his bull calves promise all the superiority of their sire. His breeding is Ideal, being a son of Zendale Village Count and his dam being a good, natural Polled sport ~~short~~, Rosewood cow, we purchased at an International sale, being sired by a double grand son of the great Clipper Monarch and his second dam by a double grand son of the International grand champion Cumberland's Gift. We have used him liberally in the herd.

We seriously regret that it was impossible to get a photograph of Royal Rosewood as he is a great individual, displaying a lot of shorthorn character, size, thickness, very rugged with plenty of substance and bone, with general smoothness and a beautiful deep red coat. He is bred to be a great breeding bull; his sire being a double grandson of the International Champion Rosewood Renown "bred by us," and his dam grandsired by the International grand champion Highland Stamp, and his second dam grand sired by the many times International grand champion Ceremonious Sultan.

He is also proving to be a great breeding bull; the calves being very broad, low down and rugged, with plenty of quality and thickness. His second calf was exported recently to Mr. Norman Jayne of Ontario, Canada to head perhaps the best Polled Shorthorn herd in the Dominion; several of this bull's calves will be in the sale, you will like them.

This bull is a nice dark roan bull with a line of breeding second to none, he is just past 2 years old and ready for heavy service. His mother died at the age of 17 when this calf was only 3 months old and he of course did not get the best of a start, but regardless has made a good bull.

Look this calf over, then analyze the breeding and ask your self two question, did I ever see a much better calf or have I ever saw a more popular breed. Lady Dorothy pedigree in Polled Shorthorns. I believe you will say he is a bull I would like to own; his top three sires combine a lot of Americas International and state fair top winning show bulls; see him before buying. He has a beautiful dark roan color.

**Rosewood
Revolution**

Rosewood Revolution, sired by Rosewood Masterpiece. Another bull of excellent type that made a great show ring record. He was used extensively in the herd and exerted a great influence. This blood is found in many Zendale pedigrees.

This group of dark colored rugged, blocky bulls will all be in this sale as well as many others of equal quality.

This bull will need no comment sale day, he will also speak for himself as an individual; he is hard to fault. His sire being a real dark red and his dam a grand medium roan Lady of the Meadow cow sired by Zendale Village Count and his grand dam by Rosewood Revolution, a great pedigree and a great bull for some one who can use a white one.

For Reference Only

Rosewood Renown

ROSEWOOD RENOWN, is one of the best sons of Rosewood Masterpiece, being sold by us to J. H. Clamm & Sons of Upland, Ind., by whom he was shown each year he was eligible to show, winning Junior Champion at the International and was an undefeated bull in class at the International and State Fairs during his entire show career. We also sold a full sister, Lady Dorothy 16th, to Mr. Robert McFarlane of Grand Rapids, Mich., that won First Place at the International and the State Fairs in 1932. Some of this same breeding will be offered in this sale. As you will note Laird of Comrie is out of Lady Dorothy Zendale 16th and grand sired by Rosewood Renown.

We feel that this calf is perhaps the greatest prospect we ever produced and I seriously doubt if a greater Junior bull calf has been, or will be sold this year. He is the first calf sired by Zendale Clipper Count. We are extremely proud of this calf and you will also be proud if you own him. But why shouldn't he be good with such ancestry, his two top sires, both the very best sons of Zendale Village Count and his grand dam by the Famous Grand Champion Lee Dale Collynie, and having one of the most popular Rosewood pedigrees.

This is a large rugged heifer with smoothness; a solid red daughter of Lynnwood Crest and a grand daughter of Zendale Village Count, safe in calf since April 39th to the service of Zendale Clipper Count x2072647. We should not sell this valuable heifer but we must sell to reduce our numbers. Her breeding is ideal.

This is a very nice heifer that looks the part of making a real cow; her breeding is faultless, due to the fact she has been in a large pasture at back end of the farm we were unable to get her bred but if the purchaser so desires she may remain here until we get her bred to either bull he desires until she has passed over once.

Here is a heifer we purchased last year for a foundation female; she is a good daughter of Zendale Bandit and we believe is royally bred. Had a beautiful dark roan bull calf by Clipper Count, but due to the fact she calved in a large pasture without attention the calf smothered during delivery, because of this she is a little thin. However we have her bred back to the same bull, Zendale Clipper Count since September 19; she was one of the choice heifers of the recent Boswell sale.

This cow will be a great buy for some one, having been very successfully shown as a heifer, she still carries a great conformation and considerable bloom, after producing a calf each year she sells with a Sept. 20, red heifer calf at foot by Royal Rosewood. Her breeding is of the best, a good pair for to start a new herd with or to improve the quality of an already established herd. We are only putting her in the sale as an attraction of a good cow with a heifer calf. Otherwise we would not part with her.
